# DEAR FRIENDS!

We don't get tired of sharing the good things God is doing in Lüdenscheid and the nations.

Challenges are on a rise these days. All kinds of things demand our attention and try to take over our lives. That's our experience, too. But when we set focus on what is right—namely, Jesus and the kingdom of God—we are encouraged, strengthened, and built up. Jesus carries us through all challenges! As you read this newsletter, may the Holy Spirit place Jesus anew at the center of your life and fill you with God's love.

Next year, we're celebrating **FCJG's 50th anniversary!** 50 years of God's goodness and his faithfulness! 50 years in which God has made history with FCJG and blessed thousands of lives. Among others, we are celebrating this milestone by hosting the **FIRE WEEK (May 13 - 17, 2026)**. Some wonderful friends are coming to Lüdenscheid on this occasion (*please read page 6*)! We are looking forward to this week and to welcoming you, too.

From the bottom of our hearts, we thank you for your friendship, prayers, and support. You are a blessing!

May God bless you as you read on!

Much love,

Arion Roffler  
with the FCJG/HELP Family

### Free!!!

I spent two weeks in Lüdenscheid, attending all evening services and worship meetings. Never ever had I experienced anything like it! One time, I fell to the ground under the power of the Holy Spirit. His love and power flooded me so powerfully. Another time, his power came upon me so strongly that I trembled and wept for a long time.

I had prayed that I would overcome my fear of public speaking. As I danced for Jesus with others in Lüdenscheid in front of the town hall and during worship services, my fear gradually disappeared and I got filled with the Holy Spirit. Now, back home, I dance for Jesus in the streets.

# „JESUS WANTS IT!“

I hear these words again and again in my spirit ...

Jesus wants to save people!

Jesus wants to heal people!

Jesus wants to set the captives free!

He wants to pour out His precious Holy Spirit  
like fire on all flesh!

Yet at the moment, things around the world and even within the body of Christ looks quite different. Darkness is becoming increasingly visible!

But just when no one expects it anymore, God comes and turns everything upside down. That's His nature, His way! Suddenly, in the blink of an eye, everything changes!

Throughout the word of God we encounter men and women who led normal lives. Then suddenly God came into the picture, and they were no longer the same. When the disciples were baptized with the Holy Spirit and fire, they became transformed into new people.

The Jesus People Movement, which started in the 1970s, is a prime example of God acting in a sovereign way. He changed and restored the hippies who had been written off by society.

And God wants to do it again! Acts 2:17 says, „In the last days, I will pour out my Spirit on all people ...“ God is looking for devoted, laid-down and faithful lovers of Jesus to whom he can entrust his divine fire. Do you believe you can be one of them?

The fire of God is for everyone. It is for all individuals on the face of this earth. The Holy Spirit revealed this to me in a vision when I myself experienced the baptism with the Holy Spirit and fire. This fire burns away everything in us that

does not belong to the kingdom of God. It purifies, heals, liberates, and empowers us to fulfill God's purpose for us in this world.

God will do it again! He is gathering those who trust the guidance of the Holy Spirit and surrender completely to this most precious Person. He longs for the revelation of the children of God who will follow Him to the ends of the earth.

# INTO THE HARVEST WITH THE HOLY SPIRIT!

The Holy Spirit changes everything in people's lives. When His fire fell on the 120 disciples who had gathered in the Upper Room, it changed church history. Once fearful, intimidated disciples became bold and courageous followers of Jesus, who laid down their lives when demonstrating and preaching the Gospel. They were forever changed.

God used **Philip** to bring in a big harvest in Samaria. He led the Secretary of Commerce of Ethiopia to Jesus, and that way the Gospel came to Africa.

**The Apostle Paul** persecuted Christians. He was absolutely convinced that he was doing God a favor. On his way to Damascus, he had a powerful encounter with Jesus and changed from a persecutor to a follower. By the power and guidance of the Holy Spirit, he reached Asia Minor with the Gospel. It only took him two years - despite difficult political conditions, without the luxury of plans, cars and computers.

*„But when some were becoming hardened and disobedient, discrediting and speaking evil of the Way before the congregation, Paul left them, taking the disciples with him, and went on holding daily discussions in the lecture hall of Tyrannus. This continued for two years, so that all*

*the inhabitants of Asia Minor, Jews as well as Greeks, heard the word of the Lord..“*  
(Acts 19,9-10)

Still today, the power of the Holy Spirit is saving, delivering and healing people, and equipping today's disciples - all over the world. Walter spent three weeks in Thailand where the Christian faith is mostly unknown. However, in the past years, the number of Thais who are inviting Jesus into their lives has been increasing. Many Christian leaders attended the morning sessions of our **Fire for the City** Conference in Pattaya. And in the evenings, so many people came to be touched with the Holy Spirit's power. In South Thailand, a prison opened its doors to Walter and the message of Jesus. 80 young inmates gave their lives to Jesus upon his message. God continues to pour out his Spirit on all flesh ... in a greater dimension.

Thank you for your prayers and all support! May the Holy Spirit fill you more and more, and lead you in your everyday life and into the big harvest of souls!

# DRAW NEAR TO GOD!

Walter  
Heiden-

Everything that lasts in God's kingdom is rooted in prayer. This was true in biblical times, and it remains true to-day. Church history is filled with men and women of God who prayed without ceasing through both good times and bad. In their personal encounters with

the living God, they were thoroughly transformed. God made history through them.

Jesus embodied this truth. He sought solitude—often on mountains—to speak with His Father in heaven. He never returned empty-handed, but rather filled with power and authority to do God's will. He encourages us, "Watch and pray!"—not to accomplish a duty, but out of relationship.

## „The Revolutionaries“

Pentecost: 120 disciples gathered in the Upper Room – not to plan and organize, but **to unite in prayer**. Suddenly, the Holy Spirit came with wind and fire, filling them and changing everything. They went out and **turned the world upside down**. Heaven invades earth – through prayer.

## „Draw near to God ...“ (James 4:8)

People approach God in different ways. Some come to him in great need or brokenness, seeking healing. Others approach him in deep gratitude and worship. Still others intercede. No matter how, one thing is certain: **when we draw near to**

**God, HE draws near to us.** That's the key! He often calls us to special places where his presence is tangible.

*Prayer Mountain for the Nations* in Lüdenscheid is such a place! Thousands from all over the world have come here, for something special is happening here—people pray: **for workers in God's harvest field, for healing, for guidance, for nations.** Many have taken new steps from here—strengthened, called, sent. But that's not all: God meets people individually and personally. Whether alone or in groups, those who come to him experience HIM.

## Come, come come!

**Come to Prayer Mountain!** Take the time – not because you have to, but because **God is inviting you.** He wants to encounter you. Do you need answers? Are you longing for more? You've come to the right place. People and nations need your prayer, but even more, **God is longing for you.**

Give him the most precious thing you have—your time. We have a great team that will gladly help you discover prayer anew. God will speak to you, and you will experience how the Spirit of prayer can change everything. We are witnessing the fulfillment of Zechariah 12:10 today, and you can be a part of it.

### A Life-transforming Encounter with God!

My son David was only two years old. He was on a ventilator in the hospital. The doctors had given up hope and asked me to decide whether the machine should be turned off. Despair and darkness overwhelmed me.

But then God intervened: At 3 a.m. I suddenly heard, "Nomsa, wake up! I want to meet you on Prayer Mountain at 8 o'clock." I thought, "That's just from stress and my agitated emotions." But the voice came again, clearer, more distinct. The third time it came with a warning: "If you don't wake up, you won't meet me again!"

Alarmed, I jumped up. But where was I supposed to go? The tram in front of the house went to the main station. From there I was directed to the train to Dortmund, then on to Lüdenscheid. I had never been there and didn't know anyone. I asked a taxi driver, "Is there a Prayer Mountain here?" Surprisingly, he said yes and drove me there. At 8 o'clock sharp I arrived. On the Prayer Path, Isaiah 53:5 came to me: "...by HIS wounds we are healed."

The words sparked a fire in me. When I reached the big cross, I could tangibly feel the presence

of God surrounding me, and an overwhelming peace flooded me. Despite the snow, I got so warm that I took off my coat. A song rose up inside me, and I heard the angels sing with me. The holiness of this experience was indescribable.

Then the Lord said, "Your son will not die!" The words shattered all fear and sorrow. **That one encounter changed everything.**

Today, David is 12 years old. Even though he has special needs, he is lively and strong. He is a living testimony of God's grace and power. It is true: God still speaks and heals today, and he leads his children to places of encounter with HIM.

*Prayer Mountain for the Nations* in Lüdenscheid has become like a spiritual home for me—a holy place where I encounter God. I thank God for everyone who cares for and preserves this place. It is more than just a place—it is a doorway to heaven.

# FIREWEEK

50 Jahre FCJG

## All in for Jesus!

In the summer of 1975, some married couples, along with their children and belongings, stood on a country road in northern Germany, thumbs out. They had left their hippie commune to „go all out“ for Jesus. „If someone stops and takes us all, we'll get out wherever they're going.“ They trusted God completely and wanted everything he had planned for them. A truck stopped and took all of them. Its destination: **Lüdenscheid**. That happened 50 years ago and has become the simple beginning of today's FCJG ...

## “The kingdom of God doesn't stand in words, but in power!” (1 Cor. 4:20).

The FCJG was born apostolically and prophetically from God through former drug-addicted hippies who experienced God's love breaking the yokes of sin and bondage in the lives of both Non-Christians and Christians. Through the outpouring of the Holy Spirit, we can receive God's power and fire, for „Jesus will baptize you with the Holy Spirit and with fire!“ (Matthew 3:11). His fire still burns!

Our focus is the kingdom of God, fellowship with the Holy Spirit, his power working in and the fire of God burning constantly within us. We make room for all of this. The wonderful thing is that all of this is accessible to everyone!

## Receive and embrace it!

The Holy Spirit longs for YOU. He wants to empower you and ignite a fire within you that will burn forever. If you long for this, too, then join us in the FIRE WEEK! Encounter the Holy Spirit and get to know Him, experience God's power, receive His fire, and spend time with us in His presence. We have invited wonderful friends who are joining us to celebrate the Holy Spirit in this special week: John Arnott, Stacey Campbell, Mel Tari, Walter Heidenreich, Arion Roffler and Beate Wiedemann. And who knows what other surprises God has in store?

We are excited for the  
FIRE WEEK (May 13 - 17,

# TESTIMONIES

## At the Cross

Drawn by a deep longing, I attended the FIRE DAYS at Pentecost. During a worship service, I heard Jesus call me to his cross. On my knees, with my head touching the cross, the Holy Spirit released a flood of tears, and I cried out with piercing screams, releasing an indescribable pain from within. There is much I do not understand. But I know this: What happened came from touching the cross. The cross has taken on new significance for me. It holds the power of God!

## Born Again

I have been following Jesus for a long time, but when it came to the question of whether I was born again, I was unsure and had doubts. In one of the Fire Nights, Walter spoke about being born again. My longing for certainty was so great! I stood up and prayed aloud, asking Jesus to give me this new life. Some of the staff prayed with me and simply gave me a hug. The experience was so intense that I took a walk around Prayer Mountain afterwards. Suddenly, it hit me: I am born again! The doubts were gone, completely gone! I am so happy that I know for sure: I belong to Jesus!

## Mummy, they were so very happy!

"Mummy," Ankhlim said, "I had a dream last night. I was walking through a storm when suddenly, I saw a huge golden gate with the word 'Paradise' written on it. Jesus was standing there and said, 'Welcome to Paradise, my little daughter!' Then he showed me around. Everyone, including Jesus and me, was wearing a cloud-like robe and was walking barefoot. Suddenly we met Baatar (a man from our community in Mongolia who had died suddenly, leaving a wife and child). He looked the same as always, only he was radiant. He asked me about Bymba and Nancy. I told him that they were fine and now living in the children's home. Then, we met many children who were playing there. They told me that they had had an accident or had been sick and that was why they were here. Then, I saw angels coming to Jesus and telling him about sick people and other things. Jesus told them what to do. I also saw hell. Jesus said, 'I don't want anyone to go to hell, but some people do evil things, and that's why they're there.' In the end, Jesus asked me, 'Would you rather stay here or go home?' I told him, 'I'll come back here later, so I'd rather go home.' Then, I woke up and saw Daddy standing in the hallway. Mummy, the people there were so happy. You can't imagine how happy they were!" Ankhlim added.

# WALKING MIRACLES AT THE WIEDENHOF

It is often quite noisy, always busy, sometimes there is grumbling, sometimes someone misbehaves, but there is certainly a lot of laughter. At the Wiedenhof, we are simply a colorful and mixed Jesus family. We often see people being transformed by God's love right before our eyes—they even look different!

*Angelina Link*

changed. It began when the Spirit of God filled me with deep, lasting laughter. I suddenly felt free, as if a huge burden had been lifted off from me. I prayed, "Jesus, I don't know much about you. But I will learn." Some time later, I asked him for forgiveness.

## The Big Transformation

When I saw this photo, I was shocked. I looked terrible! Had I really let myself go that much? I just couldn't get away from alcohol. There was very little joy in my life, and I had great difficulty approaching people. Then I came to the Wiedenhof.

I never thought I would believe in God. Since I've been here, however, that has gradually

# NEW THINGS TAKE SHAPE!

Since February, the FCJG community has experienced the presence and work of the Holy Spirit very strongly. Throughout this time, God has often spoken that he wants to do new things, which has set many things in motion, also in the school. Change was necessary, and it's happening now! The REVIVAL SCHOOL, as it was previously known, will no longer exist in its current form. A new school has been created that is shorter, more dynamic, and offers more opportunities to experience mission work.

We want our students, foremost young people, to experience the love of God and the fire of the Holy Spirit, and share it through mission work. An adventure with God begins that will be life-changing and impacting.

## Welcome to the MISSION FIRE SCHOOL!

MISSION FIRE SCHOOL runs for six months and terms kick off twice a year. During the first 12 weeks, you will undergo personal discipleship and training through biblical teachings and community life. You will receive training in evangelism, missions, and mercy ministries, as well as dive into deep times of worship and prayer.

**Part two:** You spend ten weeks abroad applying what you have learned. God will use you to help others experience his Father love and the power of the Gospel.

Finally, you will return to Lüdenscheld for two weeks. We will share testimonies and address the question: What are God's next steps for your life? Will it be in your career, missions, church service, or in FCJG?

We want to see you receive God's love, grow stronger in your relationship with Jesus, and experience God working through you to touch the lives of others.

Are you ready to embark on your journey with God and discover his plans for your life? Do you want to go with him to the nations? Come and join the MISSION FIRE SCHOOL! We are looking forward to seeing you!

# AT HOME WITH HELP

HELP HOUSE

Damaris &  
James Santos

## A Home for the HELP Missionaries

For a long time, we had wanted a house in Lüdenscheid where our missionaries can stay when they are on leave or preparing to go to the mission field. In the beginning of this year, this dream came true, when the former „Mission House“ of FCJG's Inner City Mission became the „HELP House“!

After several months of remodeling, renovating, and furnishing, our house is filling up with missionaries from Uganda, Mongolia, and America. When we come together, we feel like sitting at a „richly set table“ with all the different nationalities and experiences with God from the mission field, joy in seeing each other and so much more! Despite all changes, we continue to make room for God's heart for the poor and needy to experience his mercy. The Café 34, located within the house, remains a place where people in need are welcome.

## God's Grace is Greater

Suddenly he was standing in the hallway. O. had been kicked out of his accommodation. He looked pretty broken. His body was covered in tattoos, and his life was in shambles in his mid-50s. We prayed for him, told him what Jesus had done for him, and took him in at Café 34 for the weekend. He was happy about the new clothes, especially the suspenders we got him.

O. read the book “Jesus Our Destiny” and was visibly moved as he continued on his way on Monday. „I have hope again“, he said as he left. “I prayed.”

Two weeks later, we learned from the men who come to Café 34 that O. had died suddenly of a stroke. We were shocked, but at the same time felt that it was a moment of God's grace when he stayed with us and heard the Good News.

# THE HOLY SPIRIT AT WORK

VIENNA

## As in the Days of Jesus

Streams of fire flowing down from the mountains! That's the image I saw in my mind's eye when we were sent to Nepal. I was part of the Vienna team. Also, this word came to me, „We will be together in Nepal as community.“ And it was really like that. We felt the prayers of people praying in many different places.

With a friend who is an apostle to Nepal, we went to different places. No matter where we went, the Holy Spirit was moving. For instance, a church pastor received the gift of praying in tongues and was filled with the Holy Spirit simply because we were there, without even praying for him.

One day, we drove over the mountains to a small village. I thought, „This must be the end of the world!“ Suddenly, we saw a Jesus house with a cross on the roof. There were no people there yet, only about fifty rice sacks that we wanted to distribute.

Then the people came—you could see them streaming in from everywhere. Many came on foot over the mountains, walking for over three hours. The square in front of the building filled up. I felt: This must have been as it was with Jesus.

There was no agenda. Once the house was full, everyone worshiped Jesus wholeheartedly, and the presence of God was tangible. The service went on for a long time. Then, each family received a sack of rice. Overjoyed, they set off home with their children.

For us, however, the day was not yet over. People wanted to get baptized. A small stream was dammed up just enough to completely submerge those getting baptized. We baptized them, and the Holy Spirit was present in this humble setting in the mountains of Nepal. Jesus cares for these people, who are considered insignificant by the world. It is such a joy to bring the fire of the Holy Spirit and the love of God to the remotest places.

# RIPE CROPS AND WATER

AFRICA

The Holy Spirit led us northeast in Uganda. We were searching for a special place to encounter him. He wants to move on a large mountain in the middle of the vast savannah, between a few villages. In a vision, we saw Jesus from behind as he walked across this plain. He stroked the ripe ears of corn and said, "I have many people here!"

During our first visit to the area, the mayor opened up to us. The village well had been broken for some time, so the people had to walk miles to reach water sources that were only filled during the rainy season. With tears in his eyes, he asked us for help. The love for his people was tangible. We wanted to help, but we also wanted the villagers to be involved and take ownership of the well. So, we left and asked them to collect money for the well in the meantime. Every household in the village contributed to the repairs. With our friend Vincent, we went to the city to get the spare parts. When we returned, the whole village was gathered. Together with the villagers, we repaired the borehole. There was great joy when fresh water finally flowed from the tap again.

*„In the same way, let your light shine before people in such a way that they will see your good actions and glorify to your Father in heaven.”  
(Matth. 5:16)*

This small gesture opened the doors to the Gospel in the village, and the image of ripe ears of corn began to come true. We preached publicly about Jesus, who wants to give them living water—at village meetings, in small family gath-

erings, in a church, simply everywhere we met people. A special highlight was an 87-year-old man who listened attentively when we shared the Gospel and then gave his life to Jesus. The joy of salvation was palpable everywhere.

# FROM EAST TO WEST

MONGOLIA

We are invited to Dornod, located in eastern Mongolia. We set up our equipment in a public square and lift up the name of Jesus over the city. People stop and listen. At the end, we pray for the sick. A few children who, as it turns out later, do not yet know Jesus close their eyes, stretch out their hands, and pray with us.

2,300 km further West, we visit a Kazakh family for dinner who used to live with us. Their daughters have friends visiting who found Jesus through them. They sing a Kazakh worship song, and the presence of God fills their small home.

Shortly after, in Ulaanbaatar, our young people report with beaming faces about a mission in the home village of one of our co-workers. „It was my first missions outreach, and it certainly won't be my last.“ – „I learned how to share the Gospel.“ – „Until now, I've only gone along on missions, but this time, I led the young people.“ – „It's so good

to evangelize and lead people to Jesus.“ A few days later, we boarded the train to summer camp with over 40 children. There are children from socially disadvantaged backgrounds who participate in our feeding program, as well as children of our staff with their friends. Together, they spend happy days in the beautiful mountains of northern Mongolia playing soccer, splashing in the river, painting, doing crafts, and, above all, experiencing the healing and loving presence of their Father in heaven. Back home, a mother calls us. „Thank you! My son has changed so much and has found the right path. I will definitely send him again next year.“

We have taken various trips around the country. Our people love being on the road, so it's easy to mobilize them for mission trips. We are currently planning our next trip, which will take us to the Gobi Desert.

# FREEDOM IN JAIL

TEXAS

Before I came to know Jesus, my life felt very meaningless. I tried to find purpose in many things, like drugs, people and just chasing everything that promised peace. But I only found chaos. I got involved with the police and over all was put on probation. Because of the things in my heart I violated probation.

I wanted freedom so badly, but I didn't believe there was anything good to look forward to in my life. So I used again and again. But I never let go of the hope that I felt when I first came to Jesus. I chose to be honest with my probation officer. This eventually brought me to jail for treatment. So the day before Thanksgiving I went into jail. At the base we celebrated Thanksgiving and Christmas together before I had to go in. Everyone prayed for me that night.

I was so nervous! The first few days were so hard, but as I received support from my base family and my biological family I saw God's love in it. This also made God so much more real to me that I was seen and not just abandoned. As time went on it became so real to me how deeply I

was in need of Jesus. I started to read the word of God and to spend time with the Holy Spirit, so people in my pod started to ask questions. Almost 23 people were with me in this pod. I realized that it was nothing that I tried to produce but what the Holy Spirit was bringing about in my heart, that drew people actually to Him. Several people gave their lives to Jesus. And even more asked for prayer. As my time came to an end, almost the entire pod came together to pray in the evening. Also God broke my heart for my cell mates and even the people that were oppressive. I knew God is in love with them anyways, because of His deep, deep love for me.

I was delivered in jail, and honestly I don't know how it happened. But drugs, drinking and other things just left. And ever since I never struggled with it again.

# FIRE FOR THE CITY

THAILAND

That was the name of the very first conference that our team organized for Christians in Pattaya. We had sent out lots of invitations, but we knew we couldn't do it alone. Time and again, people approached us and offered their help - it was so encouraging. Then came the first evening: Would anyone show up? They did! They were so hungry for the Holy Spirit that we had to enlarge the venue for the second night. Walter spoke about being born again and being baptized with the Holy Spirit and fire. „We've never experienced the Holy Spirit like this before, neither at home nor here in Pattaya," said one participant.

## Delivered and free!

A mother told us about her 12-year-old son's experience. He came to the event without having done or experienced anything special. Nevertheless, he was so moved by the presence of the Holy Spirit that he wanted to learn more about him at home. He listened to more sermons and encountered the Holy Spirit in a personal way. He also wanted to be healed and set free, so he repeated after a prayer of deliverance on YouTube. In the next room, his mother heard him shout, „Out! Out! In the name of Jesus!" The next

moment, the boy vomited. He then came to her, very excited, and said, „Mom, an evil spirit has left me! I feel so good, and so much peace!" His behavior has changed noticeably since then. He feels as if his ADHD is gone, and he has found new meaning and perspective in life—he wants to serve God. He would love to follow Walter's example and become a preacher and set other people free.

His mother is so touched by his change and recent development. She feels that a heaviness has lifted from her home and that their relationship has improved. No one had prayed for the boy, no one had laid hands on him. It simply happened during FIRE FOR THE CITY in Pattaya through the Holy Spirit.

## 2 + 2 = 6 — PHILIPPINES

### 2+2=6

Sometimes God's plans are different from ours. In just a few weeks, our family grew from four to six people. Both of us come from families that couldn't offer us a stable home, and we have experienced God's Father love in a supernatural way. This completely changed our lives. Then God entrusted us with our two children. In recent years, as house parents of the Father's House, we have also been entrusted with the children there. To our surprise, God has expanded our tent even more ... Since the beginning of the year, one of the boys from the Father's House, who had just turned 18 but still wanted to connect with a family, has been living with us. The first step onto the water.

Then, changes came for the Father's House. In July 2025, we stopped running it as a permanent

home for children. We are grateful that God has opened wonderful doors for the five children who were still with us. In one girl's case, God asked us if WE as a family were the „open

door“ for her. Next step onto the water: another child in our care. We quickly sensed that Jesus was entrusting these children to us. And we are experiencing how God is not only expanding our

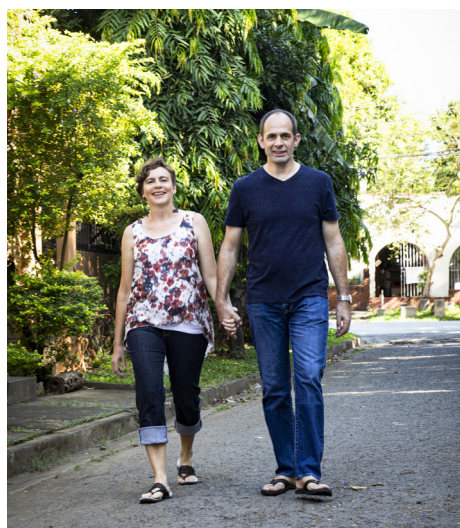

family, but also increasing his blessings. As the bible says, **there is not always abundance, but there is always enough – whether it be finances, strength, wisdom, or our growing together as a family.** Experiencing this is so encouraging! God is the best Father!

### Time for New Things

The Pieren family lived in the Philippines for 18 years. They invested their lives and brought Jesus to many people. Furthermore, Jonathan was a great blessing to the entire local ministry as its leader. We are deeply grateful to Jonathan and Dori for all they have done! Last year, they realized that God had something new in store for them. As their next step they are joining our FCJG community in Lüdenscheid. Thus, it's only a local farewell, and we look forward to seeing what God has in store for them!
